WORK EXPERIENCE

Elementary Educator

Hutto ISD

📅 October 2020 - June 2022

📍 Hutto, TX

- Created and implemented grade-level math curriculum leading to the highest testing score average four times consecutively within the district.
- Diversified teaching methods and instructional materials to meet students' varying needs and interests.
- Built relationships with over 80 students and ensured all students felt attended to with personalized feedback, class discussions, and encouragement.
- Managed systems for tracking data for assessments, assignments, and attendance for 80+ students.

Registered Behavior Technician

Action Behavior Centers

📅 September 2019 - March 2020

📍 Austin, TX

- Implemented positive reinforcement techniques to increase independence and social interaction for clients on the Autism Spectrum.
- Collected data on client behaviors and conducted trials for program targets such as discrimination tasks and verbal communication.
- Collaborated with team members to formulate future treatment programs using documented data and ABA best practices.
- Trained guardians on treatment plans to aid client behavior outside of the clinic setting.

STEM Instructor

Slinger Independent School District

📅 June 2019 - August 2019

📍 Slinger, WI

- Developed and implemented engaging STEM lessons that aligned with the Common Core Standards for grades 5-8, including a focus on project-based learning.
- Facilitated classroom discussions using prompting questions before, during, and after experiments to encourage positive small-group and classroom collaboration.
- Utilized a variety of instructional methods and materials, such as visual aids, real-world examples, and practice problems, to engage students in learning.
- Created data-tracking systems for students to use during experiments to aid with learning.

Paraprofessional

Slinger ISD

📅 October 2018 - June 2019

📍 Slinger, WI

- Performed behavior modification and personal development programs under the supervision of special education instructors.
- Prepared and implemented remedial programs for students requiring extra academic and behavioral support.
- Increased reading comprehension for assigned students through small group instruction.
- Worked collaboratively with teachers, parents, and administrators to develop a positive learning environment.

CAREER OBJECTIVE

Analytical and persistent individual who thrives on problem-solving, thinking out of the box, and getting the details right. Seeking the opportunity to leverage my experience with building and coordinating programs as well as my desire to assist others to ensure programs are effective and impactful for clients.
